

ARTICLE IX. OFF-STREET PARKING AND LOADING

Sec. 94-207. Purpose.

The purpose of this article is to provide regulations to foster safe and efficient circulation of vehicles and pedestrians on private and public streets, and to minimize nuisances from on-street parking.

(Code 1979, § 40-10.1)

Sec. 94-208. Off-street parking.

(a) *Off-street automobile parking and storage.* Off-street automobile parking and storage space shall be provided on every lot on which any of the uses mentioned in this section are hereafter established. Such automobile parking or storage space shall be provided with vehicular access to a street or alley and shall be equal in area to at least the minimum requirements for the specific uses as set forth in this article. Each automobile parking space shall be at least nine feet wide and 18 feet long. If the required automobile parking or storage space cannot be provided on the same lot on which the principal use is located, the city council may permit such space to be provided on other off-street property provided such space is within 500 feet of such principal use. Such space shall be associated with the permitted use and shall not thereafter be reduced or encroached upon in any manner.

(1) All off-street automobile parking and storage space except for residential shall be so arranged that vehicles will not be required to back onto a public, street, road, or highway when leaving the premises.

(2) Gross leasable area (GLA) is the focal building floor area in square feet that a developer may lease. Gross floor area (GFA) is the sum of the areas of several floors of a building, including all areas for human occupancy, as measured from the exterior faces of the walls, but excluding unenclosed porches, interior parking spaces, or any space where the floor to ceiling height is less than six feet, six inches.

(3) Off-street automobile parking and storage spaces shall be equal in number to at least the minimum requirements for the specific use set forth in the table in section 94-209(a).

(4) All parking lots must have curbs, gutters, and pole lighting in conformity with city specifications.

(b) *Construction, improvement and maintenance.* Off-street parking areas shall be graded to ensure proper drainage, surface with asphalt or concrete materials. Off-street parking areas shall have curbs, gutters, and nonwooded parking light poles built to local power company specifications and in conformity with city specifications.

(c) *Bumper guards.* If the off-street parking area is surfaced with all-weather gravel materials, a bumper guard or wheel stop shall be installed to mark each space.

(d) *Marking.* If the off-street parking area is surfaced with concrete or asphalt, each parking space shall be painted with stripes, not less than three inches wide, running the length of each of the longer sides of the space or by other acceptable methods which clearly delineate the parking space within the parking lot.

(e) *Handicapped parking.* Parking for the handicapped within a nonresidential district shall be provided at a size, number, and location according to the requirements of the ADA accessibility guidelines (ADAAG), published by the U.S. Architectural and Transportation Barrier Compliance Board (ATBCB), as amended.

(Code 1979, § 40-10.2)

Sec. 94-209. Residential parking.

(a) All parking areas serving single-family detached or attached dwellings shall conform to the following requirements:

- (1) If garages or carports are conveyed to living area, then the off-street parking requirements must be met elsewhere on the lot.
- (2) No inoperable vehicle shall be permitted in any residential district for more than 14 days unless it is in an enclosed garage. All repairs shall be in an enclosed garage in residential districts.
- (3) No commercial vehicle as licensed by the state with gross vehicle weight (GVW) exceeding 11,000 pounds shall be allowed to park in the R-1, R-2, or R-3 zoning districts.
- (4) Commercial vehicles, licensed by the state, buses, and recreational vehicles shall not be allowed to park overnight on the street in a residential district.
- (5) Recreational vehicles are prohibited from parking in the front yard of R-1, R-2, and R-3 districts.

TABLE INSET:

Minimum Off-Street Parking Requirements By Uses	
Uses	Required Parking spaces
Residential	
Dormitory for worker employed on the premises	1 per 3 employees plus 1 per dormitory manager.
Dwelling, multifamily (including one bedroom units)	2 per dwelling unit.
Dwelling, single-family detached	2 per dwelling unit.
