Est. Completion Date			Size of Water Tap		Pickens County Environmental Health Permit # (no sewer)		

Applicant agrees to build according to the applicable state codes and to call for inspections before any cover-ups. Failure to receive approved inspection before cover-up will result in a \$100 assessment and may result in removal of covering materials. All appointments for inspection must be set up at least two (2) days in advance. If the appointment needs to be rescheduled, please notify the inspector at least 24 hours before the original appointment.

A Certificate of Occupancy will not be issued without the proper approved inspections. No building may be used (building must remain empty of non-built items) until a Certificate of Occupancy is issued.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The site plan, which has been submitted, is true and accurate and the structure will be located within the allowable setbacks. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other State or local law regulating construction.

NOTE: PERMIT VALID FOR ONE (1) YEAR. PERMIT EXPIRES SIX (6) MONTHS AFTER ISSUANCE IF WORK HAS NOT BEGUN.
