### **Independent Auditor's Report**

Honorable Mayor and Members of the City Council City of Jasper, Georgia

### **Report on the Financial Statements**

### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jasper, Georgia, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City of Jasper, Georgia's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jasper, Georgia, as of December 31, 2023, and the respective changes in the financial position and, where applicable, cash flows thereof, and the budgetary comparisons of the General Fund and the American Rescue Plan Act Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Jasper, Georgia and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Jasper, Georgia's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the City of Jasper, Georgia's internal control. Accordingly, no such
  opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Jasper, Georgia's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4 through 14 and the required supplementary information on pages 69 through 74 to be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Jasper, Georgia's basic financial statements. The combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and the schedule of projects financed with special purpose local option sales tax are fairly stated in all material respects in relation to the basic financial statements as a whole.

### Other Information

Management is responsible for the other information included in the annual financial report. The other information is comprised of the schedule of indebtedness and the schedule of general fund unassigned fund balance by month but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 10, 2024, on our consideration of the City of Jasper, Georgia's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Jasper, Georgia's internal control over financial reporting and compliance.

### **MANAGEMENT'S DISCUSSION AND ANALYSIS**

As management of the City of Jasper, it is our pleasure to present this narrative discussion and analysis of the City of Jasper's financial performance, providing an overview of the activities for the year ended December 31, 2023. The purpose of this narrative is to provide readers of financial statements with information that will help them make timely and meaningful financial decisions or draw conclusions about the City of Jasper. This analytical information is designed to be read in conjunction with the City's financial statements, which follow this section.

### **Financial Highlights**

- The City of Jasper's assets exceeded its liabilities at December 31, 2023, by \$31,628,932. (reported as net position).
- As of December 31, 2023, Jasper's governmental funds reported combined ending fund balances of \$6,333,451. Approximately 61% of this total amount, \$3,849,815 is available for spending at the City Council's discretion (unassigned fund balance of the General Fund).

More detailed information regarding these activities and funds begins on page 7.

### **Overview of the Financial Statements**

This discussion and analysis narrative is intended to serve as an introduction to the City of Jasper's basic financial statements. The City of Jasper's basic financial statements are composed of three elements: 1) government-wide financial statements; 2) fund financial statements; and 3) notes to the financial statements. This report also contains required supplementary information in addition to our basic financial statements.

### Government-wide Financial Statements (Reporting the City as a whole)

The focus of the government-wide financial statements is on the overall financial position and activities of the City of Jasper and is designed to provide readers with a broad overview of the City's financial activities in a manner similar to a private business enterprise.

The purpose of the *Statement of Net Position* (pages 15 - 16) is to attempt to report all assets held and liabilities owed by the City. The City reports all assets when it acquires ownership over the assets and reports all of its liabilities when they are incurred. The difference between the total assets and total liabilities is labeled *net position*. Although the purpose of the City is not to accumulate net position, in general, as this amount increases it indicates that the financial position of the City is improving over time.

The **Statement of Activities** (page 17), on the other hand, presents the revenues and expenses of the City. Under the accrual basis of accounting mentioned earlier, revenues are recognized when earned and expenses when incurred in this statement. Thus, revenues are reported even when they may not be collected for several weeks after the end of the accounting period and expenses are recorded even though they may not have used cash during the current period. The difference is described as *change in net position*. The primary focus of the Statement of Activities is on the *net cost* of various activities provided by the City and identifies the extent to which each function of the City draws from general revenues or is self-financing through fees, grants, or other sources.

In the Statement of Net Position and the Statement of Activities, we divide the City of Jasper into three types of activities:

- Governmental activities Most of the City's basic services are reported under this category, including
  police, fire, public works, and general administration. Sales tax, property taxes, and intergovernmental
  revenues finance most of these services.
- Business-type activities The City charges fees to customers to assist in covering all or most of the cost for certain services it provides. The City's water and sewer system and garbage collection fees are reported in this category.
- Component Units Component units are legally separate organizations for which the elected officials of the City are financially accountable. The Industrial Development Authority, Downtown Development Authority, and the Jasper Development Authority, although legally separate, functions for all practical purposes as departments of the City of Jasper, and therefore have been included as an integral part of the primary government.

The City's government-wide financial statements are presented on pages 15-17.

### Fund Financial Statements (Reporting the City's Major Funds)

The focus of fund financial statements is directed to specific activities of the City and its most significant funds, not the City as a whole. A fund is an entity with a self-balancing set of accounts that the City uses to track specific resources and expenditures, either for management purposes or because of legal mandates. In addition to the major funds, individual fund data for the City's non-major funds can be found beginning on page 73. The City's funds are divided into three broad categories – governmental, proprietary, and fiduciary – and use different accounting approaches.

■ Governmental Funds — These funds account for essentially the same functions reported as governmental activities in the government-wide financial statements; however, governmental fund financial statements focus on the short-term view of the City's general government operations and the basic services it provides. Governmental funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash.

Because the focus of the governmental fund financial statements is narrower than that of the government-wide financial statements and because of the different accounting methods used to prepare them, there are often significant differences between the totals presented in these financial statements. It is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. An analysis of the balance sheet and the statement of revenues, expenditures, and changes in fund balances that reconciles the two statements are provided after each statement.

In addition to the General Fund, the City of Jasper maintains two governmental fund types:

- 1. Special Revenue Funds
- 2. Capital Projects Funds

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, the American Rescue Plan Act Fund, and the 2020 SPLOST Capital Projects Fund, which are considered major funds. Information from the other four funds: the Technology Surcharge Special Revenue Fund; the Confiscated Assets Special Revenue Fund, the Hotel/Motel Tax Special Revenue Fund, and the 2014 SPLOST Capital Projects Fund are combined into a single, aggregated presentation. Individual fund data

for these nonmajor governmental funds is provided in the form of combining statements in this report. The City of Jasper adopts an annual appropriated budget for its General Fund. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget.

The City's basic governmental fund financial statements are presented on pages 18-23 of this report.

Proprietary Funds – When the City charges customers for the services it provides – whether to outside customers or to other departments of the City – these services are generally reported in proprietary funds. These proprietary funds are prepared using the same accounting basis as the government-wide financial statements.

There are two types of proprietary funds, enterprise funds and internal service funds. The City of Jasper utilizes only enterprise funds. Enterprise fund statements report the same functions presented in the business-type activities columns of the government-wide financial statements. The City of Jasper utilizes enterprise funds to account for its Water and Sewer system, which is reported as a major enterprise fund, and Sanitation function, which is reported as a nonmajor enterprise fund.

The City's proprietary fund financial statements are presented on pages 24-27.

• **Fiduciary Funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the City of Jasper's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City acts as a trustee or fiduciary for the Municipal Court Custodial Fund.

The City's fiduciary fund financial statements are presented on pages 28-29.

### Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 32-68 of this report.

### **Required Supplementary Information**

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's defined benefit pension plan. The required supplementary information can be found on pages 69-74 of this report.

### **Other Supplementary Information**

Other supplementary information includes certain required supplementary information concerning the City's progress in funding its obligation to provide pension benefits to its employees and a budgetary comparison schedule for the general fund which demonstrates compliance with the City's as adopted and final revised budgets.

### Overview of the City's Financial Position and Operations

The City's overall financial position and operations for this year is summarized as follows based on the information included in the government-wide financial statements (see pages 15-17):

### City of Jasper Statement of Net Position December 31, 2023 and 2022

of Resources		2,000,782		2,221,157		6,438		154,645		2,007,220		2,375,802
Net Position												
Net investment in												
capital assets		8,186,970		7,067,669		15,040,350		15,583,354		23,227,320		22,651,023
Restricted		2,511,326		2,553,316		0		0		2,511,326		2,553,316
Unrestricted		2,518,143	3 2,100,383		3,372,143		3,038,443		5,890,286			5,138,826
Total Net Position	\$	13,216,439	\$	11,721,368	\$	18,412,493	\$	18,621,797	\$	31,628,932	\$	30,343,165

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Assets for the City of Jasper exceeded liabilities by \$31,628,932 at the close of the current year. However, much of the net position either is restricted as to the purposes for which it can be used or are invested in capital assets.

The largest portion (73%) of the City of Jasper's net position reflects its investment in capital assets (e.g., land, buildings, machinery and equipment, infrastructure), less any related debt outstanding that was needed to construct or acquire the assets. The City uses capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Although the net position of our business-type activities represents 58% (\$18,412,493) of total net position, these resources cannot be used to add to the net position surplus in governmental activities. The City generally can only use the net position to finance the continuing operations of the business-type activities.

The following condensed financial information was derived from the government-wide Statement of Activities and reflects how the City of Jasper's net position changed during the year.

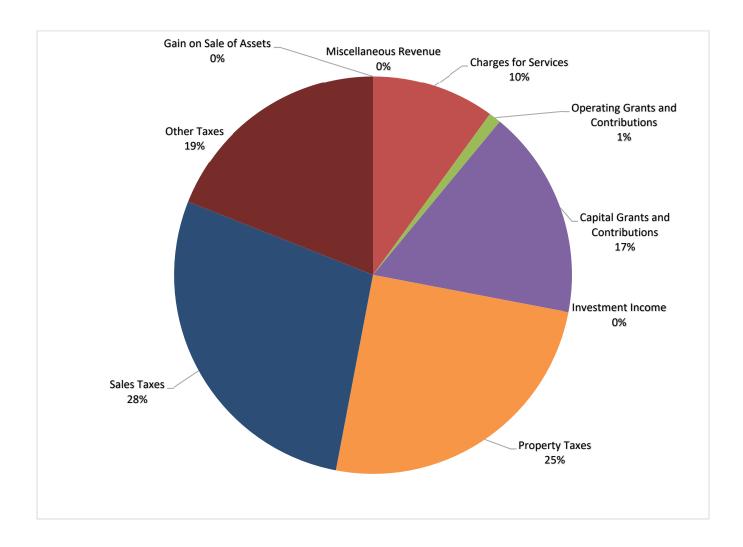

City of Jasper Changes in Net Position For the years ending December 31, 2023 and 2022

### **Governmental Activities -**

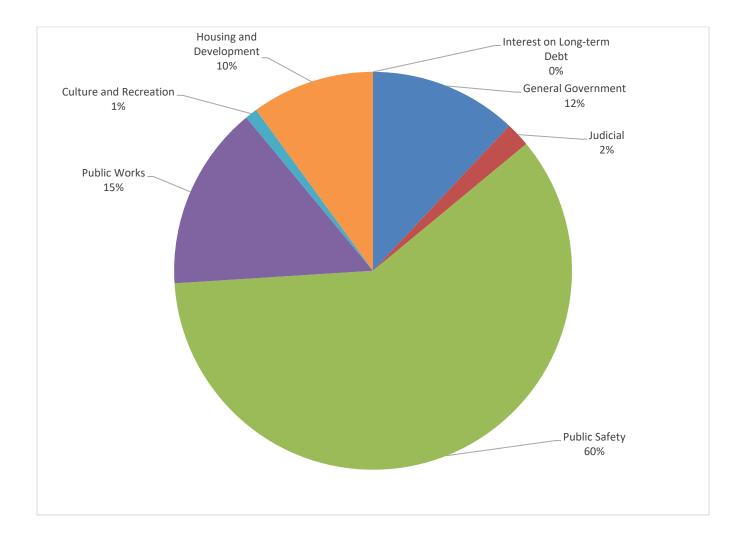

The following chart depicts revenues of the governmental activities for the year ended December 31, 2023:

Revenue by Source – Governmental Activities

The following chart depicts the expenses of the governmental activities for the year ended December 31, 2023:

### Expenses by Function – Governmental Activities

### **Business-type Activities -**

Business-type activities decreased the City of Jasper's net position by \$209,304; this is \$1,199,774 less than the increase in net position for 2022. The key elements of this difference in decrease are:

• The primary difference in the decrease in net position is that, in 2023, the increase in operating expenses was more significant than the increase in operating revenues. Operating Expenses in the Water and Sanitation fund increased by \$1,054,953 over 2022. The most significant increase in expenses was in the Water Fund in the amount of \$972,184. Revenue was up by \$231,004 over 2022. The most significant increase in revenues was for charges for service increased \$25,836.

### Financial Analysis of the City's Funds

As noted earlier, the City of Jasper uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds.** The focus of the City of Jasper's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As the City completed this year, its governmental funds reported a combined ending fund balance of \$6,333,451. Of this amount, \$3,849,815 (61%) constitutes unassigned fund balance, meaning no constraints have been placed on how this money may be spent. The General Fund is the only governmental fund that can have positive unassigned fund balance. The remainder of fund balance is either non-spendable, restricted by a third party or assigned for a specific purpose.

The **General Fund** is the chief operating fund of the City. At the end of the current year, unassigned fund balance of the General Fund was \$3,849,815, while total fund balance was \$3,896,124. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 62% of total General Fund expenditures, while total fund balance represents 63% of that same amount.

### **General Fund Budget Highlights**

The City's budget utilized a conservative approach based on available information. Emphasis was placed on long-term stability by meeting financial priorities through disciplined spending. The City employs a budget process whereby appropriations are revisited and compared to actual in order to determine if significant, unexpected variances are present. At this point, any necessary budget amendments are approved by City Council. The original budget for the General Fund was amended by various appropriations approved after the beginning of the year. In addition, Council approved several adjustments to prevent budget overruns.

<u>Adjustments to the General Fund Expenditures</u>: Adjustments were made to other departmental expenditures to prevent budget overruns.

- In the Legislative Department, salaries expense, professional fees, and liability insurance expense were more than budgeted; therefore, the budget was increased by \$28,000.
- In the Street Department, electricity expense was more than budgeted; therefore, the budget was increased by \$19,000.
- In the Planning and Zoning Department, rental expense, repairs and maintenance, supplies, and payments to others were more than budgeted; therefore, the budget was increased by \$61,000.

### **Proprietary Funds**

The City of Jasper's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Net position of the City's two proprietary funds totaled as follows:

•	Water and Sewer	\$ 18,412,493
-	Sanitation	\$ 0

The total decrease in net position for both funds was \$209,304. Other factors concerning the finances of these two funds have already been addressed in the discussion of the City's business-type activities.

### **Capital Assets and Debt Administration**

**Capital Assets.** The City of Jasper has invested \$40,185,155 in capital assets (net of accumulated depreciation). Capital assets include infrastructure, land, buildings, and machinery and equipment. Approximately 78% of this investment is related to business-type activities and approximately 22% relates to governmental activities.

During 2023, the City invested \$12,931,909 in new capital assets. Major capital asset events during the current year included the following:

### Governmental-type Activities 2023

Speedburger Storm Drain Repair Police Equipment Fire Equipment Police Vehicles (4) Police Camera Software Fire Vehicles (4) Park Improvements	\$ 279,274 63,644 51,695 241,308 153,807 484,811 367,422
Tark improvements	\$ 1,641,961
Business-type Activities 2023

Additional information on the City of Jasper's capital assets can be found in the Note 7 in the notes to the financial statements on pages 50-51 of this report.

**Long-term debt.** At December 31, 2023, the City of Jasper had \$15,944,384 in long-term debt which was an increase of \$9,747,199 from 2022. The increase is attributed to the refunding of existing GEFA loans with a Revenue Bond at a much lower interest rate. The excess equity was put aside for future water system improvements.

### City of Jasper Outstanding Debt As of December 31, 2023 and 2022

	Govern Activ	_			Busines Activ	•	•	Total				
	 2023		2022	2023		2022		_	2023		2022	
Notes payable Bonds payable Subscriptions payable Compensated absences Total	\$ 430,995 0 179,196 117,877 728,068	\$	480,507 0 76,174 84,811 641,492	\$	12,593,193 2,741,000 0 76,905 15,411,098	\$	2,598,504 3,042,000 0 86,180 5,726,684	\$	13,024,188 2,741,000 179,196 194,782 16,139,166	\$	3,079,011 3,042,000 76,174 170,991 6,368,176	

In 2023, the City implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. This implementation had no impact on net position. See Note 16 for more information on this standard. The balance of subscriptions payable at December 31, 2023 were \$179,196.

Additional information on the City's long-term debt can be found in the Note 8 in the notes to the financial statements on pages 52-57 of this report.

### **Economic Environment and Next Year's Budgets**

The City's tax rates, fees, and charges for governmental and business-type activities, along with the projected growth are all major considerations when adopting the 2024 budget. The City has experienced more growth than in previous years and expect this growth to continue, which will increase revenues.

The following are some major factors considered in preparing the City's budget for 2024:

- Sustainability of existing services The City strives to provide services at or exceeding the standard without
  putting an additional burden on the citizens. To sustain financial success, the City evaluates current
  expenses and revenue and prioritizes services and cost to ensure appropriations are beneficial to the longterm goals of the City.
- Cost of government The City's millage rate was rolled back in 2023 from 5.467 mills to 5.221 mills. The levy in 2023 funds the 2024 budget.
- Capital Assets For 2024, the City will utilize 2020 SPLOST for capital assets to public safety and parks.
- Infrastructure improvements The use of 2014 SPLOST will allow the City to make improvements to roads, bridges, and sidewalks. The City is expanding the wastewater pollution control plant, as well as replacing infrastructure and seeking additional water resources.
- Economy impact –The City takes a conservative approach with revenue and expenditures.

For fiscal year 2024, the City Council approved a total budget of \$21,401,959. This budget includes operating and non-operating funds. The General Fund budget is \$7,335,604 and the Proprietary Funds are budgeted for \$8,822,884 (Water, Sewerage, and Sanitation). The City's budgets and relative fund balances are maintained in compliance with the City's adopted financial policies.

### **Contacting the City's Financial Management**

This financial report is designed to provide a general overview of the City's finances, comply with finance-related laws and regulations, and demonstrate the City's commitment to public accountability. If you have any questions about this report or would like to request additional information, contact Lindsey Williams, Finance Director, City of Jasper, Georgia, 200 Burnt Mountain Road, Jasper, GA 30143.

### CITY OF JASPER, GEORGIA RECONCILIATION OF THE BALANCE SHEET OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION December 31, 2023

### Total fund balance - total governmental funds

\$ 6,333,451

Amounts reported for governmental activities in the statement of net position are different because:

Some assets are not financial resources and, therefore, are not reported in the funds. These are:

Capital assets \$ 12,967,443 Accumulated depreciation/amortization (4,027,767) 8,939,676

Deferred outflows and inflows of resources related to pensions are applicable to future periods and, therefore, are not reported in the funds. These are:

Deferred outflows of resources - pension \$ 703,483

Deferred inflows of resources - pension (71,570) 631,913

Deferred inflows of resources related to property taxes that are not available to pay current obligations. These are reported as revenues in the statement of activities when earned.

50,720

Long-term liabilities are not due and payable in the current period and are not reported in the funds. These are:

Accrued interest payable \$ (7,725)
Compensated absences payable (117,877)
Net pension liability (2,003,528)
Note payable (430,995)
Subscriptions payable (179,196)

 Subscriptions payable
 (179,196)
 (2,739,321)

Net position of the governmental activities \$ 13,216,439

## 1. Summary of Significant Accounting Policies

The financial statements of the City of Jasper, Georgia (the "City") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The City's significant accounting policies are described below.

## A. Reporting Entity

The City was established in 1857. The City operates under a City Council / Mayor form of government. Policy making and legislative authority are vested in an elected five-member City Council. The City provides the following services: public safety, street and sanitation, culture and recreation, public improvements, and general and administrative services. In addition, the City operates public utilities for water and sewer for the incorporated and immediate surrounding areas.

The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. In conformity with generally accepted accounting principles, as set forth in Governmental Accounting Standards Board Statement No. 14, *The Financial Reporting Entity*, as amended by Statement No. 61, the financial statements of component units have been included in the City's financial statements. The City has three component units: two discretely presented and one blended component unit. The component unit column on the government-wide financial statements is used to emphasize that the entities are legally separate from the City. Financial information pertaining to the component units can be obtained from the City upon request.

The City of Jasper Downtown Development Authority (the "DDA") is reported as a blended component unit in the accompanying financial statements. Although legally separate from the City, the DDA is reported as if it were part of the primary government. The purpose of the DDA is to promote business and commerce within the downtown business district of the City. The Mayor and City Council appoint all of the board members to the DDA. Due to the insignificant amount of operating activity, the operations of the DDA are reported in the General Fund. Through an intergovernmental contract, the City is responsible for the repayment of the debt of the Authority. Separate financial statements are not issued.

## 1. Summary of Significant Accounting Policies (continued)

### A. Reporting Entity

The Industrial Development Authority (the "IDA") is reported as a discretely presented component unit in the accompanying financial statements. The purpose of the IDA is to promote industry and commerce within the central business district of the City. The Mayor and City Council appoint all of the board members to the IDA. Information included herein has been compiled from the records of the IDA.

The Jasper Development Authority (the "JDA") is reported as a discretely presented component unit in the accompanying financial statements. The purpose of the JDA is to promote business and commerce within the downtown business district of the City. The Mayor and City Council appoint all of the board members to the JDA. Information included herein has been compiled from the records of the JDA.

The Housing Authority is a related organization of the City. The City appoints the board members of the Authority. It exists in order to provide housing for low-income individuals that reside within the City limits and meet certain eligibility requirements. The Housing Authority makes payments in lieu of taxes to the City instead of property taxes.

#### B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the non-fiduciary activities of the primary government and its component units. (For the most part, the effect of interfund activity has been removed from these statements). Government-wide financial statements do not provide information by fund, but distinguish between the City's governmental activities and business-type activities. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from discretely presented component units. The Statement of Net Position will include noncurrent assets and noncurrent liabilities. In addition, the government-wide Statement of Activities reflects depreciation expense on the City's capital assets.

## 1. Summary of Significant Accounting Policies (continued)

### B. Government-wide and Fund Financial Statements (continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not considered program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the economic resource measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

## 1. Summary of Significant Accounting Policies (continued)

## C. Measurement Focus, Basis of Accounting and Basis of Presentation, continued

Property taxes, sales taxes, franchise taxes, licenses, fines and forfeitures, intergovernmental grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions," the corresponding assets (receivables) in nonexchange transactions are recognized in the period in which the underlying exchange occurs, when an enforceable legal claim has arisen, when all eligibility requirements have been met, or when resources are received, depending on the revenue source.

In accordance with GASB Statement No. 34, major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The American Rescue Plan Act Fund is used to account for revenues and expenditures of the American Rescue Plan Act Coronavirus State and Local Fiscal Recovery Fund.

The **2020 SPLOST Fund** is used to account for the receipt and disbursement of special purpose local option sales tax (SPLOST) funds.

The City reports the following major proprietary funds:

The **Water and Sewerage Fund** accounts for the activity of the City's water and sewerage utility system.

## 1. Summary of Significant Accounting Policies (continued)

## C. Measurement Focus, Basis of Accounting and Basis of Presentation, continued

The City also reports the following fund types:

#### **Governmental Fund Types**

The **Special Revenue Funds** are used to account for specific revenues, such as confiscations and forfeitures and hotel/motel tax revenues, which are legally restricted or committed to expenditures for specific, restricted purposes.

The **Capital Project Funds** are used to account for the collection and expenditures of certain restricted revenues, such as sales tax receipts and impact fee.

#### **Proprietary Fund Types**

**Enterprise Funds** - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The funds are self-supporting in nature where the costs, including depreciation, of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

#### Fiduciary Fund Types

**Custodial Funds** – Custodial Funds are fiduciary in nature and are accounted for using the accrual basis of accounting. These funds are used to account for assets that are collected and held for other agencies. The City utilizes a custodial fund to account for the activity of the Municipal Court.

## 1. Summary of Significant Accounting Policies (continued)

## C. Measurement Focus, Basis of Accounting and Basis of Presentation, continued

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for goods and services provided. Operating expenses of the enterprise funds include the cost of these goods and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

## D. Cash and Investments

Amounts reported as cash by the City in the accompanying financial statements include cash on hand and on deposit with financial institutions.

Georgia statutes authorize the City to invest in the following: (1) obligations of Georgia or any other state; (2) obligations of the United States; (3) obligations fully insured or guaranteed by the United States government or one of its agencies; (4) obligations of any corporation of the United States government; (5) prime bankers' acceptances; (6) the State of Georgia local government investment pool; (7) repurchase agreements; and (8) obligations of any other political subdivisions of the State of Georgia.

Any investment or deposit in excess of the federal depository insured amounts must be collateralized by an equivalent amount of state or U.S. obligations. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of less than 90 days are considered to be cash equivalents. Investments are reported at fair value as determined by quoted market prices.

## 1. Summary of Significant Accounting Policies (continued)

#### E. Receivables and Payables

Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year as well as all other outstanding balances between funds is reported as "due to/from other funds." Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances." Customer accounts receivable include billed but uncollected amounts and unbilled receivables based upon a pro rata amount of subsequent monthly billings. Allowances for doubtful accounts are maintained based on historical results adjusted to reflect current conditions.

Advances between funds represent long-term borrowing arrangements with established repayment schedules and are offset by non-spendable fund balance in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

### F. Prepaid Items

Prepaid items are accounted for using the consumption method. Payments made to vendors for services that will benefit periods beyond the current year are recorded as prepaid items in both government-wide and fund financial statements.

#### G. Inventories

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. Inventories consist of expendable supplies held for consumption. The cost is recorded as an asset at the time the individual item is purchased and is adjusted when accounted for at interval periods during the year or at year-end.

## 1. Summary of Significant Accounting Policies (continued)

### H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Infrastructure (e.g., roads, bridges, sidewalks, and similar items) prior to January 1, 2004 have not been reported.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets of the primary government, as well as the component units, are depreciated using the straight-line method over the following estimated useful lives:

	Useful Life
	in Years
Infrastructure	10 to 50
Buildings and improvements	20 to 50
Vehicles	2 to 15
Machinery and equipment	3 to 15
Furniture and fixtures	3 to 15
Park improvements	10 to 20
Right-to-use assets	
Software	3 to 5

## 1. Summary of Significant Accounting Policies (continued)

### H. Capital Assets, continued

The City has recorded intangible right-to-use assets as a result of implementing GASB Statement No. 96, Subscription-Based Information Technology Arrangements. The intangible right-to-use assets are initially measured at an amount equal to the initial measurement of the related subscription liability plus any subscription payments made prior to the subscription term, less subscription incentives, and plus ancillary changes necessary to place the subscription into service. The intangible right-to-use assets are amortized on a straight-line basis over the shorter of the estimated useful life of the underlying asset or life of the related subscription.

## I. Deferred Outflows / Inflows of Resources

The City implemented GASB Statements No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position and No. 65, Items Previously Reported as Assets and Liabilities, as of January 1, 2013. These new standards establish accounting and financial reporting for deferred outflows / inflows of resources and the concept of net position as the residual of all other elements presented in a statement of net position.

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense / expenditure) until then. The City reports deferred outflows of resources related to their defined benefit pension plan.

## 1. Summary of Significant Accounting Policies (continued)

### I. Deferred Outflows / Inflows of Resources, continued

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City's unavailable revenues arise only under a modified accrual basis of accounting. Accordingly, they are reported only in the governmental funds balance sheet. The governmental funds balance sheet and government wide statement of net position report deferred inflow of resources for property taxes levied for the subsequent year as the amount represents resources associated with an imposed non-exchange revenue transaction reported as a receivable before the period for which the property taxes were levied. These revenues will be recognized as an inflow of resources in the period for which they were levied. Additionally, the governmental funds report unavailable revenues from property taxes as these amounts are deferred and will be recognized as an inflow of resources in the period in which the amounts become available. The City also reports deferred inflows of resources related to their defined benefit pension plan.

#### J. Compensated Absences

The City offers full-time employees compensated time off for personal leave, which may be used for vacation or sickness. Personal leave is accrued each pay period according to length of service. Policy permits employees to carry forward accumulated, but unused, 480 hours of vacation and sick leave. The City's liability has been calculated using the vesting method; leave amounts for both employees who are currently eligible to receive termination payments and other employees who are expected to become eligible in the future for such payments, are included.

## 1. Summary of Significant Accounting Policies (continued)

### K. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Bond premiums and discounts are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are reported as expenses when incurred.

Proprietary fund type loans payable are reported as liabilities at their outstanding value. Loan issuance costs are reported as expenses when incurred. In the fund financial statements, governmental fund types report the face amount of debt issued and related premiums or discounts as other financing sources and bond issuance costs as expenditures.

## L. Fund Equity and Net Position

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

**Fund Balance** – Generally, fund balance represents the difference between the assets and liabilities and deferred inflows of resources under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

## 1. Summary of Significant Accounting Policies (continued)

### L. Fund Equity and Net Position, continued

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors, laws, or regulations of other governments.

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by a formal vote (resolution) of the City Council. Only the City Council may modify or rescind the commitment.

Assigned – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. The City Council retains the authority to assign amounts for specific purposes by a formal vote (resolution). Only the City Council may modify or rescind the assignment.

*Unassigned* – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

## 1. Summary of Significant Accounting Policies (continued)

### L. Fund Equity and Net Position, continued

**Net Position** – Net position represents the difference between assets and liabilities in reporting which utilizes the economic resources measurement focus. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the City has spent) for the acquisition, construction, or improvement of those assets. Net position is reported as restricted using the same definition as used for restricted fund balance as described in the section above. All other net position is reported as unrestricted.

Minimum Fund Balance Policy – The Mayor and City Council have adopted a financial policy to maintain a minimum level of unrestricted fund balance (the total of the committed, assigned, and unassigned components of fund balance) in the general fund. The target level is set at 20%, which is approximately two to three months of general fund annual revenues. This amount is intended to provide fiscal stability when economic downturns and other unexpected events occur. If fund balance falls below the minimum target level because it has been used, essentially as a "revenue" source, as dictated by current circumstances, the policy provides for actions to replenish the amount to the minimum target level. Generally, replenishment is to occur within a five-year period.

#### M. Management Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenditures/expenses during the period. Actual results could differ from those estimates.

## 1. Summary of Significant Accounting Policies (continued)

#### N. Interfund Transactions

Interfund services provided and used in the fund financial statements are accounted for as revenue, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as a reduction of expenditures/expenses in the fund that is reimbursed.

## O. Budgets

Annual appropriated budgets are adopted for all funds. The budgets for the proprietary funds are for management control purposes and are not required to be reported. Budgets are adopted on a modified accrual basis, which is consistent with generally accepted accounting principles for governmental funds. All appropriations lapse at fiscal year-end. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is not employed by the City.

#### R. Pensions

For the purposes of measuring the net pension liability, deferred inflows/outflows of resources related to pensions and pension expense information about the fiduciary net position of the City of Jasper Employees' Pension Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms.

## 2. Legal Compliance - Budgets

The applicable statutes of the State of Georgia require the City to operate under an annual balanced budget adopted by resolution for all governmental funds. A budget is defined as being balanced when the sum of estimated net revenues and appropriated fund balance is equal to appropriations. Annual budgets are adopted for the General Fund and each special revenue fund. Capital projects funds have project length budgets. The budget is adopted on a basis consistent with generally accepted accounting principles, and on the same basis of accounting used by each fund to which the budget applies. Each fund's appropriated budget is prepared on a detailed line-item basis. Revenues are budgeted by source and expenditures are budgeted by department, which constitutes the legal level of control and the level at which expenditures may not legally exceed appropriations. All annual appropriations lapse at year-end.

Budget revisions at the department level are subject to final review by the City Council. Amendments to the budget were made for the year to reflect greater than expected revenues and increased operating costs in certain departments.

Although not required by state law, an operating budget is also adopted for the proprietary funds for administrative control purposes.

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of resources are recorded in order to reserve that portion of the applicable appropriation, is not employed by the City.

## 3. Deposits

**Credit risk:** The City's policy is to adhere to the State statues as it relates to credit risk for investments. State statutes authorize the City to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia.

**Deposits (continued)** 3.

Custodial Credit Risk - Deposits: Custodial credit risk for deposits is the risk that, in the event

of the failure of a depository financial institution, a government will not be able to recover deposits

or will not be able to recover collateral securities that are in the possession of an outside party.

State statutes, and City policy, require all deposits and investments (other than federal or state

government instruments) to be collateralized by depository insurance, obligations of the U.S.

government, or bonds of public authorities, counties, or municipalities.

Interest rate risk: The City does not have a formal investment policy that limits investment

maturities as a means of managing its exposure to fair value losses arising from increasing

interest rates.

Concentration of Credit Risk: The City has no formal policy on the amount the City may invest

with any one issuer.

Foreign currency risk: The City has no investments denominated in a foreign currency.

47

## 4. Receivables

Receivables at the end of the current year for the City's individual major funds and non-major funds in the aggregate, including the applicable allowances for uncollectible accounts are as follows:

Governmental Activities Receivables:	General Fund	2020 SPLOST	Nonmajor Governmental Funds	Totals
Taxes	\$ 2,032,020	\$ 0	\$ 13,600	\$ 2,045,620
Intergovernmental	0	110,352	0	110,352
Less allowance for uncollectible	(131,457)	0	0	(131,457)
Net totals	\$ 1,900,563	\$ 110,352	\$ 13,600	\$ 2,024,515
Business-type Activities	Water and Sewerage Fund	Nonmajor Sanitation Fund	Totals	
Business-type Activities Receivables:	-	•	Totals	
	Sewerage	Sanitation	<b>Totals</b> \$ 836,604	
Receivables:	Sewerage Fund	Sanitation Fund		
Receivables: Accounts	Sewerage Fund \$ 816,782	Sanitation Fund	\$ 836,604	

## 5. Property Taxes

Property tax rates are set by the City Council each year and are limited by statutory or constitutional provision. Property values are assessed as of January 1st each year. Property taxes for the 2023 tax digest year, based upon the assessments as of January 1, 2023, were levied on October 2, 2023, billed on November 15, 2023, and due on January 31, 2024. Unpaid tax bills become delinquent on February 1, 2024, and liens will be put on property with unpaid tax on March 2, 2024. The 2023 tax digest is to fund the 2024 budget. Therefore, the tax proceeds for this year have been reported as deferred inflows of resources.

## 6. Interfund Receivables, Payables, and Transfers

A summary of interfund receivables and payables at the end of the current year is as follows:

Receivable Fund Payable Fund		Amount
General Water and Sewerage		\$ 202,081
	Nonmajor Governmental	15,508
	Nonmajor Enterprise	16,471
Nonmajor Enterprise	Water and Sewerage	2,086
		\$ 236,146

The balance reported as Due to/Due from represent loans between the borrower funds and the lender. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

Interfund activity consisted of the following for the current year:

Transfer Out Fund Transfer In Fund		Amount
Water and Sewerage	Nonmajor Enterprise	\$ 111,111

Transfers are used to (1) move revenues from the fund that statute or budget requires collecting them to the fund that statute or budget requires to expend them and (2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

## 7. Capital Assets

Capital asset activity for the primary government for the current year is as follows:

		Balance Beginning		Increases		ecreases		Balance Ending

## 8. Long-Term Liabilities

## Notes from Direct Borrowings

#### **Governmental Activities**

#### Finance Purchases

The City has entered into multiple agreements with various financial institutions to finance the purchase of certain vehicles and equipment. The notes are secured by the equipment. The balances of these agreements at the end of the current year are \$430,995. Individual notes outstanding at the end of the current year are listed below with their related interest rate and maturity.

- \$80,925 equipment finance purchase due in monthly installments of \$1,463 through September 2024, interest at 3.23%, \$11,753 outstanding.
- \$568,924 equipment finance purchase due in monthly installments of \$53,008 through September 2033, interest at 4.51%, \$419,242 outstanding.

#### **Governmental Activities, continued**

Annual debt service requirements for notes from direct borrowings are as follows:

Year Ending December 31,	F	Principal	ı	Interest		Total
2024	\$	45,856	\$	19,080	\$	64,936
2025		35,641		17,367		53,008
2026		37,248		15,760		53,008
2027		38,928		14,080		53,008
2028		40,683		12,325		53,008
2029-2033		232,639		32,395		265,034
Totals	\$	430,995	\$	111,007	\$	542,002

## 8. Long-Term Liabilities (continued)

#### Notes from Direct Borrowings, continued

#### **Business-Type Activities**

**GEFA Loans** 

The City has entered into a direct borrowing agreement with the Georgia Environmental Finance Authority to finance improvements to the City's water and sewerage system. The City borrowed \$757,484 due in monthly installments of \$4,661 of principal and interest through September 2024; interest at 4.21% (\$42,002 outstanding). Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City. Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable.

The City has entered into a direct borrowing agreement with the Georgia Environmental Finance Authority to finance improvements to the City's water and sewerage system. The City borrowed \$1,660,000 due in monthly installments of \$8,257 of principal and interest through July 2035; interest at 1.82% (\$1,034,075 outstanding). Note payments and performance obligations are secured by revenues on taxes, fees and charges collected by the City. Upon an event of default, all outstanding principal and accrued interest may be declared immediately due and payable.

#### **Bond Anticipation Notes**

The City has entered into a contract with United Community Bank for the issuance of a \$10,000,000 tax-exempt, 4.20% interest, drawdown bond anticipation note, to finance expansion of the City's water treatment plant. The City may draw down funds up to \$10,000,000. As of the end of the current year, this note is still in the drawdown phase (\$8,492,796 outstanding) and is not included in the amortization schedule below.

The City has entered into a contract with United Community Bank for the issuance of a \$5,627,000 taxable, 5.61% interest, drawdown bond anticipation note, to finance expansion of the City's water treatment plant. The City may draw down funds up to \$5,627,000. As of the end of the current year, this note is still in the drawdown phase (\$11,381 outstanding) and is not included in the amortization schedule below.

## 8. Long-Term Liabilities (continued)

## Notes from Direct Borrowings, continued

#### **Business-Type Activities, continued**

#### Finance Purchases

The City has entered into multiple agreements with various financial institutions to finance the purchase of certain vehicles, equipment, and property. The notes are secured by the equipment. The balances of these agreements at the end of the current year are \$3,012,939. Individual notes outstanding at the end of the current year are listed below with their related interest rate and maturity.

- \$196,715 equipment finance purchase due in monthly installments of \$3,555 through September 2024, interest at 3.23%, \$28,669 outstanding.
- \$111,821 property finance purchase due in monthly installments of \$1,000 through December 2029, interest at 1.42%, \$68,983 outstanding.
- \$2,915,290 equipment finance purchase due in monthly installments of \$32,157 through
   December 2033, interest at 5.86%, \$2,915,287 outstanding.

The City's notes from direct borrowings debt service requirements to maturity are as follows:

Year Ending December 31,	Principal		Interest		Total
<del></del>	 	_			
2024	\$ 383,717	\$	185,451	\$	569,168
2025	327,890		169,172		497,062
2026	343,663		153,302		496,965

## 8. Long-Term Liabilities (continued)

#### **Revenue Bonds**

#### **Business-Type Activities**

Revenue bonds were issued through the Downtown Development Authority of Jasper Blended Component Unit and were comprised of the following individual issue for the current fiscal year:

\$3,642,000 - Downtown Development Authority of Jasper Revenue Bonds (\$2,741,000 outstanding) - Series 2020 bonds due in monthly principal and interest payments of \$25,000 - \$28,000, interest at 1.4%, through June 1, 2032. The bonds were issued for the purpose of prepaying five previously issued GEFA notes from direct borrowings and to fund the 2020 Facilities Project Fund of which proceeds will be used to finance the costs to expand the City's Water Treatment Plant. The bonds are secured by a pledge of an installment sale agreement between the Authority and the City. Upon the occurrence of an event of default, the bondholders may declare the principal balance and any accrued interest thereon to be immediately due and payable. Upon any declaration of acceleration, the bondholder shall immediately declare all payments due under the intergovernmental installment sale agreement to be immediately due and payable. In the event that the City has insufficient funds to pay the installment sale agreement, the City shall levy an ad valorem tax on all available taxable property located in the boundaries of the City in an amount sufficient to fulfill the City's obligations under the installment sale agreement.

The City's Revenue bonds debt service requirements to maturity are as follows:

Year Ending							
December 31,	Principal		Interest				Total
2023	\$ 312,000		\$	29,617		\$	341,617
2024	312,000			26,060			338,060
2025	312,000			22,504			334,504
2026	321,000			18,913			339,913
2027	324,000			15,225			339,225
2028-2032	1,160,000			23,891			1,183,891
Totals	\$ 2,741,000		\$	136,210		\$	2,877,210

## 8. Long-Term Liabilities (continued)

### Subscriptions Payable

#### **Governmental Activities**

The City entered into an agreement to subscribe to certain software. The subscription agreements qualify as subscriptions under GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, and have been recorded at the present value of the future minimum subscription payments at their inception. Subscriptions payable are comprised of the following individual subscriptions at the end of the current year:

- \$76,174 camera software due in annual installments of \$20,291 through September 2026, interest at 2.565%, \$57,856 outstanding.
- \$153,807 camera software due in annual installments of \$32,467 through July 2027, interest at 2.738%, \$121,340 outstanding.

The City's subscriptions payable debt service requirements to maturity are as follows:

Year Ending December 31,	F	Principal	I	nterest		Total
2024	\$	47,896	\$	4,866		\$ 52,762
2025		49,190		3,571		52,761
2026		50,520		2,242		52,762
2027		31,590		876	_	32,466
Totals	\$	179,196	\$	11,555	_	\$ 190,751

## 8. Long-Term Liabilities (continued)

## **Changes in Long-Term Liabilities**

The following is a summary of changes in long-term liabilities of the City for the current year:

	ı	Beginning Balance	Additions Reductions		Ending Balance		Due Within One Year		
Governmental activities									
Notes from direct borrowings	\$	480,507	\$ 0	\$	(49,512)	\$	430,995	\$	45,856
Subscriptions payable		76,174	153,807		(50,785)		179,196		47,896
Compensated absences		84,811	 92,102		(59,036)		117,877		55,403
:	\$	641,492	\$ 245,909	\$	(159,333)	\$	728,068	\$	149,155
Business-type activities									
Notes from direct borrowings	\$	2,598,504	\$ 10,179,026	\$	(184,337)	\$	12,593,193	\$	383,717
Revenue bonds		3,042,000	0		(301,000)		2,741,000		312,000
Compensated absences		86,180	31,462		(40,737)		76,905		33,987
-	\$	5,726,684	\$ 10,210,488	\$	(526,074)	\$	15,411,098	\$	729,704

Beginning balances of the Governmental activities have been restated for the implementation of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. The restatement totaled \$76,174.

For governmental funds, compensated absences are liquidated by the General Fund. For business-type activities, compensated absences are liquidated by the Water and Sewerage Fund and the Sanitation Fund. The total interest incurred and charged to expense for the current year was \$24,606 and \$216,456 for the governmental activities and business-type activities, respectively.

## 9. Net Investment in Capital Assets

The net investment in capital assets reported on the government-wide statement of net position is calculated as follows for the current year:

	Governmental Activities		Business-Type Activities
Cost of capital assets, net	\$	8,939,676	\$ 31,245,479
Unspent debt proceeds		0	159,272
Retainage payable		0	(429,321)
Capital related accounts payable		(142,515)	(600,887)
Notes payable		(430,995)	(12,593,193)
Bonds payable		0	(2,741,000)
Subscriptions payable		(179,196)	0
Net investment in capital assets	\$	8,186,970	\$ 15,040,350

## 10. Pension Plans

#### **Defined Benefit Pension Plan**

Plan Description. The City, as authorized by the City Council, has established a defined benefit pension plan (The City of Jasper Retirement Plan) covering all full-time employees. The City's pension plan is affiliated with the Georgia Municipal Employee Benefit System (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the City are commingled with contributions made by other members of GMEBS for investment purposes. Participants are not allowed to contribute to the Plan. The City does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

## 10. Pension Plans (continued)

#### **Defined Benefit Pension Plan, continued**

At July 1, 2023, the date of the most recent actuarial valuation, participants consisted of the following:

Active participants	67
Vested terminated participants	41
Retired participants and beneficiaries	38
Total number of participants	146

Benefits Provided. As provided by state law, benefit provisions for participants in GMEBS are established by the respective employers. As authorized by City Council, the plan provides pension benefits and death and disability benefits for plan members and beneficiaries. Eligibility for participation is available immediately beginning with the date of employment for all full-time employees working more than 20 hours per week. Elected officials are not covered by the Plan. Employee benefits vest 50% after five years of service and continue vesting an additional 10% each year thereafter. Benefits fully vest after ten years of service. A City employee who retires at age 65 with five years of service is entitled to full benefits of 1.25% - 2.00% of final average earnings in excess of covered compensation. An employee may elect early retirement at age 55 provided he/she has a minimum of 10 years total credited service. Retirement between the ages of 55 and 65 will result in a reduced monthly benefit. To receive full benefits, an employee must be employed until age 65. The benefit is calculated on the last five years' highest averaged earnings. Effective January 1, 2022, a participant is eligible for retirement benefits at a 1.50% flat formula at the age of 52 with 5 years of service or when participant's age and years of service sum to 80 or greater. Effective January 3, 2022, benefits of the City Manager vest immediately.

## 10. Pension Plans (continued)

#### **Defined Benefit Pension Plan, continued**

Contributions. The plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted an actuarial funding policy for the plan which meets the state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the plan, as adopted by the City Council, is to contribute an amount equal to or greater than the recommended contribution rate. This rate is based on the estimated amount necessary to finance the costs of benefits earned by the plan members during the year, with an additional amount to finance any unfunded accrued liability. The City's contributions to the plan for the current year totaled \$353,573, or 9.66% of covered payroll. Employees do not contribute to the plan.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions. At the end of the current year, the City reported a net pension liability of \$2,965,114. The net pension liability was measured as of March 31, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2023. For the current year, the City recognized pension expense of \$579,355.

## 10. Pension Plans (continued)

## **Defined Benefit Pension Plan, continued**

The components of the net pension liability are as follows:

	<b>Total Pension</b>		<b>Plan Fiduciary</b>		<b>Net Pension</b>		
	Liability		<b>Net Position</b>		Liability		
		(a)	(b)			(a) - (b)	
Balances at March 31, 2022		7,171,252	\$	5,466,675	\$	1,704,577	
Changes for the year:

Employer's net pension liability as a percent		centage of covered payroll			Ψ	86.22%	

## 10. Pension Plans (continued)

#### **Defined Benefit Pension Plan, continued**

At the end of the current year, the City reported deferred outflows of resources and deferred inflows of resources related to the plan from the following sources:

	Deferred Outflows of Resources		Deferred Inflows of Resources	
City contributions subsequent to the measurement date	\$	267,463	\$	0
Changes in participant fund allocation		58,154		(58,154)
Differences between expected and actual experience		549,186		(17,736)
Changes of assumptions		0		(2,118)
Net difference between projected and actual earnings				
on pension plan investments		224,466		0
Totals	\$	1,099,269	\$	(78,008)

The \$267,463 of deferred outflows of resources resulting from the City's contributions subsequent to the measurement date will be recognized as a reduction of the net position liability in the subsequent year. Other amounts reported as deferred outflows and deferred inflows of resources will be recognized in pension expense as follows:

Year Ending December 31,	Amount
2024	\$ 208,380
2025	83,076
2026	309,079
2027	 153,263
Totals	\$ 753,798

10. Pension Plans (continued)

**Defined Benefit Pension Plan, continued** 

Actuarial Assumptions. The total pension liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation 2.25%

Projected salary increases 2.25% plus service-based merit increases

Cost of living adjustments 0.00%

Net investment rate of return 7.375%

Healthy mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Disabled Retiree Mortality Table with rates multiplied by 1.25.

The mortality and economic actuarial assumptions used in the July 1, 2023 valuation were based on the results of an actuarial experience study for the period of January 1, 2015 through June 30, 2019.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The difference between the resulting rate and the rate on the ongoing basis is a margin for adverse deviation.

## 10. Pension Plans (continued)

#### **Defined Benefit Pension Plan, continued**

Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of March 31, 2023 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	45%	6.40%
International equity	20%	6.80%
Real estate	10%	3.90%
Global fixed income	5%	0.46%
Domestic fixed income	20%	0.40%
Total	100%	

Discount Rate. The discount rate used to measure the total pension liability was 7.375 percent. The projection of cash flows used to determine the discount rate assumed that contributions from employer will be made at contractually required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on Plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Asset/Liability to Changes in the Discount Rate. The following presents what the net pension liability would be if it were calculated using a discount rate that is one percentage-point lower (6.375 percent) or one percentage-point higher (8.375 percent) than the current rate:

	Discount	Net Pension			
	Rate		Liability		
1% decrease	6.375%	\$	3,991,372		
Current discount rate	7.375%	\$	2,965,114		
1% increase	8.375%	\$	2,114,115		

# 10. Pension Plans (continued)

#### **Defined Benefit Pension Plan, continued**

Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued Georgia Municipal Employees Benefit System financial report.

### **Other Plans**

In addition to the plan above, various City employees are also covered under the Peace Officers' Annuity and Benefit Fund of Georgia and the Georgia Firefighters' Pension Fund. Further information regarding these plans can be obtained from the plans' annual reports. These plans are immaterial to the financial statements.

### 11. Deferred Compensation Plan

The City of Jasper offers its employees a deferred compensation plan (the City of Jasper Savings and Retirement Plan) created in accordance with Internal Revenue Code Section 457. The Mayor and Council established this defined contribution plan and Valic administers the plan. Full-time City employees are eligible after completing 12 months of employment and participation is optional. Employees' actual contributions are calculated and made based on a weekly payroll basis, and employees' contributions are 100% vested immediately. The deferred compensation benefits are not available to employees until termination of employment, retirement, death (payable to a beneficiary) or unforeseeable emergency. During the current year, employee contributions were \$34,672.

In accordance with GASB Statement No. 32 "Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans," the assets and liabilities of the City's Deferred Compensation Plan are not included within the City's financial statements.

### 12. Hotel/Motel Lodging Tax

The City has levied a 6% lodging tax in accordance with OCGA 48-13-51. The City is required to spend an amount equal to at least 66.66% for the purpose of promoting tourism, conventions, and trade shows or for facilities used for these purposes. A summary of the transactions for the current year follows:

Lodging tax receipts \$ 99,627

Disbursements for tourism \$ 154,126 154.7% of tax receipts

The City did not transfer any Hotel/Motel receipts to the General Fund during the current year.

### 13. Joint Ventures

Under Georgia law, the City, in conjunction with other cities and counties in the northwest Georgia area, is a member of the Northwest Georgia Regional Commission (NWGRC) and is required to pay annual dues thereto. Membership in a regional commission (RC) is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the RCs in Georgia. The RC Board membership includes the chief elected official in each county and municipality of the Notes area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. A copy of the Northwest Georgia Regional Commission financial statements can be obtained directly from their office at 503 Waugh Street, Dalton, GA 30720.

The City is a member of the Northwest Georgia Water Resources Partnership. This is an organization of water withdrawal permit holders, local governments, and other advocacy entities with an interest in water issues. The purpose of the Water Resources Partnership is to establish a regional organization of water-related interest in Northwest Georgia for monitoring and contributing to the development of federal, state, and local policy, educating the citizenry on water-related issues, funding and managing regional water-related activities, and coordination the activities of federal, state, and local entities. No annual dues are required to be paid by the City. Complete financial statements of the Northwest Georgia Water Resources Partnership can be obtained directly from the entity at P.O. Box 1793, Rome, GA 30162.

## 14. Risk Management

The City is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance in amounts deemed prudent by City management. There have been no significant reductions of insurance coverage from coverage in the prior year and settled claims have not exceeded the coverages in the past three years.

# 15. Commitments and Contingencies

### **Contractual Commitments**

At the end of the current year, contractual commitments on uncompleted contracts were \$9,938,078.

### **Litigation**

The City is a defendant in several lawsuits. Management intends to contest these open cases vigorously. The City's legal counsel has stated that the outcome of these lawsuits is not presently determinable. The City expects insurance to cover any negative judgements.

# 16. New Accounting Pronouncements

The City implemented GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for the City's current year. The requirements of this statement are effective for periods beginning after June 15, 2022. The implementation of this standard had no effect on the City's net position.

The City implemented GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, effective for the City's current year. The requirements of this statement are effective for periods beginning after June 15, 2022. The implementation of this standard had no effect on the City's net position.

### 16. New Accounting Pronouncements (continued)

The City implemented GASB Statement No. 99, *Omnibus 2022*, effective for the City's current year. The requirements of this statement are effective for periods beginning after June 15, 2022. The implementation of this standard had no effect on the City's net position.

### 17. Changes in Beginning Balances

### **Governmental Activities**

A prior period adjustment has been made to adjust the beginning balance of capital assets and subscriptions payable. This adjustment had no impact on beginning net position. This adjustment was related to the implementation of GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*. See Note 16 for more details on the implementation of the new standard.

### 18. Subsequent Events

Subsequent to December 31, 2023, the City entered into a direct borrowing agreement with the Georgia Environmental Finance Authority to finance the construction of a new master lift station, the installation of sewer lines, and the upgrade of the City's sewer distribution system in the amount of \$4,500,000; interest at 2.36%, which shall be due and payable in 239 consecutive monthly installments upon completion of the project.

# CITY OF JASPER, GEORGIA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION December 31, 2023

### 1. Valuation Date

The actuarially determined contribution rate was determined as of July 1, 2023, with an interest adjustment to the fiscal year. Contributions in relation to this actuarially determined contribution rate will be reported for the year ending December 31, 2024.

# 2. Methods and Assumptions Used to Determine Contribution Rates

Actuarial cost method = Projected unit credit

Amortization method = Closed level dollar for remaining unfunded liability

Remaining amortization period = Remaining amortization period varies for the bases, with a net effective amortization period of 16 years

Asset valuation method = Sum of actuarial value at beginning of year and the cash flow during the year plus the assumed investment return, adjusted by 10% of the amount that the value exceeds or is less than the market value at end of year. The actuarial value is adjusted, if necessary, to be within 20% of market value.

Net investment rate of return = 7.375%

Projected salary increases = 2.25% plus service based merit increases

Cost of living adjustments = 0.00%

Retirement age for inactive vested participants = 65

Mortality = Healthy mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Healthy Retiree Mortality Table with rates multiplied by 1.25. Disabled mortality rates were based on the Sex-Distinct Pri-2012 Head-Count Weighted Disabled Retiree Mortality Table with rates multiplied by 1.25.

# CITY OF JASPER, GEORGIA NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION December 31, 2023

# 3. Changes in Benefits

The following changes to benefits amounts reported for fiscal years ending in 2022 and later reflect that effective January 1, 2022:

Participants became eligible for Alternative Normal Retirement under the Rule of 80 with minimum age of 52 years old.

The City Manager in such position on January 3, 2022 is eligible for normal retirement at age 65 or at the Rule of 80 with minimum age 52 and is 100% vested immediately.

# 4. Changes of Assumptions

There were no changes in assumptions in the last two fiscal years.

### CITY OF JASPER, GEORGIA SCHEDULE OF GENERAL FUND UNASSIGNED FUND BALANCE BY MONTH Fiscal Years 2022 and 2023

# Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with Government Auditing Standards

Honorable Mayor and Members of the City Council City of Jasper, Georgia

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Jasper, Georgia, as of and for the year ended December 31, 2023, and the related notes to the financial statements, which collectively comprise the City of Jasper, Georgia's basic financial statements and have issued our report thereon dated May 10, 2024.

### Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Jasper, Georgia's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Jasper's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Jasper's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified a deficiency in internal control, described below, that we consider to be a material weakness.

#### 2023-001

Condition: The City lacks sufficient controls and procedures regarding year-end close to ensure timely and accurate financial reporting. This included material adjustments to capital assets and debt during the audit process.

*Criteria*: Internal controls should be in place to ensure the City can perform timely and accurate year-end close procedures for the City to be able to produce its annual financial statements timely.

*Effect*: Failure to properly design and implement internal controls over year-end close procedures may lead to financial statements that are materially misstated and lead to delays in financial reporting.

#### 2023-001, continued

Cause: A material capital asset addition through the issuance of debt was unrecorded at year-end.

Recommendation: We recommend the City's Finance Department continue to implement and/or strengthen internal controls over the year-end closeout procedures. We also recommend management reconcile account balances monthly to the subsidiary ledgers to ensure proper and timely recording.

Management Response: Management concurs with this finding. Management will ensure that proper internal controls over the year-end closeout procedures are designed and implemented. Also, the Finance Department will ensure that account balances are reconciled monthly to the subsidiary ledgers. This action was taken immediately upon receipt of the comment from our audits.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Jasper, Georgia's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Jasper, Georgia's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
