**Pursuant Section 94-67 - Temporary Buildings.**

Temporary buildings shall not be permitted in any district except when they are used in conjunction with construction work or pending completion of a permanent building with a valid building or development permit. Such building shall be used for a period not to exceed three (3) months from project close-out and/or issuance of a certificate of occupancy/completion, whichever comes first.

No Construction Trailer shall be attached to City Utilities without written approval from the Utilities Director.

By signing below, I understand the above regulations and agree to follow these requirements.
